

Thank You Great Lakes Construction!

Great Lakes Construction is a large company located in Hinckley and they have a long-term employee who is hard working, reliable, and a former Campus Life Club kid. Over 9 years ago this young man was involved in Campus Life as a student. After graduation, he found himself working in a very low paying job and in need of some help. A YFC Board member got Tim an opportunity at Great Lakes Construction and this past month, Tim connected YFC with Great Lakes. We received two job site trailers to use for cabins at our In the Whisper camp in Huron County. These cabins will be used to help kids get away from some of the struggles and pressures life brings and be able to focus on God and His creation. In the quiet of this time we expect God to become more real to students through discussion with adult leaders, study of scriptures, and just being in the woods.

Brunswick Club Off and Running

The Brunswick Campus Life Club kicked off their year with a few weeks of adult leader team building and training. September 22nd was the first Club meeting for kids. Polaris Christian Church in Brunswick once again has been gracious enough to share space with us as we try to reach young people with the message of hope. Each week after fun and exciting games the teens are broken down into small groups to discuss the topic of the week and to build stronger relationships with each other and the adult leaders.

The Garage MS

The Garage is our skateboard outreach ministry to students in the Wadsworth area that has seen amazing results with high school students on Thursday nights. This success has now given way to another night of ministry to middle school students. Garage MS began meeting on Tuesday nights in August and has seen great success with a curriculum and an evening geared to the needs of middle school students. A great team of adults has stepped up to make this night possible and we are looking forward to all God is going to do as kids skate their way into His presence.

Fremont Bible Study

The first Fremont Campus Life Bible Study of Fall 2008 was Thursday, September 11th. Barb and John Fehl lead this weekly Bible study and are leading the students through Genesis this year. Barb had this to say, "The kids want to see this group grow and invite friends and impact their campuses. Pray for the middle school leaders to rise up."

Just Hanging Out?

Welcome to Hang Out! Hang Out is an activity that is held after home football and basketball games in the Collins area. Announcements are made during the game and 15 minutes after the end of the game students begin to fill up the gym at the Collins Methodist Church for food, music, basketball, games and just a great time to "HANG OUT".

This year we have seen some of our best attendance and this helps our weekly club meetings as we seek to reach out to kids in this rural town.

Hang Out is another great partnership between YFC and the Collins & West Hartland Methodist Churches. YFC is looking for more ways to partner in your community in an effort to reach youth for Christ. If you or your church would like to talk about partnerships please call the YFC office 330-273-5794.

Incredible Inflatables!

Would you like to add excitement and fun to your next party or church event? YFC has partnered with Moonwalk rentals

to locally provide inflatable games and attractions to the Northern Ohio area. Check out the large selection at www.moonwalkrentals.com. Call Steve at 216-338-6579 for prices and to arrange delivery for your event.
